Job description:

Job Type: Full-time

Klassen Custom Fab. Inc. is a manufacturing facility located in Oldcastle, ON, where we have been setting the standard in our line of business since 1983. Our product line includes custom made Electrical Control Panels and Enclosures, Machinery Guarding, Hydraulic Reservoirs, Balconies and many other products manufactured from light gauge metal materials to heavy welded fabrications.

Responsibilities:

- Read and interpret blueprints, welding process specifications and assembly drawings
- Ability to fit multi-part welded assemblies
- Set-up & Operate semi-automatic welding machine (MIG)
- Ability to weld and grind mild steels (sheet steel 16GA thru 10GA as well as heavier materials)
- Ability to weld stainless steel and aluminum (sheet 16GA thru 10GA as well as heavier materials). (This is an asset, not a requirement)
- Operate hoisting and lifting equipment
- Ensure accuracy and completion of assigned tasks and projects.
- Operate saws, drills, and iron workers to fabricate according to drawings.

Experience:

- Ability to complete weld test
- 1+ year experience welding using MIG Welder
- Wage is based on experience.

Additional pay:

- Overtime pay after 40 hours per week

Benefits:

- Dental care
- Extended health care
- Life insurance
- RRSP match
- Vision care

Schedule:

- Monday to Friday

Experience:

- Welding: 1 year (required)

Work Location: In person
